

Drug & Alcohol Engagement Worker

1. Purpose of role:

The Engagement and Early Interventions team is dedicated to reducing the harms that drugs, including alcohol, can have and are constantly finding ways to improve access to treatment services. Brought together through a commitment to harm reduction principles and relentless optimism, the EEI team is proactive and assertive in its approach.

The role is to work tirelessly to lower the barriers that people across Bristol may face in accessing suitable drug and alcohol treatment. EEI team members operate an open access drop-in 6 days a week, needle and syringe provision across the city in a range of settings, provide naloxone and blood borne virus testing, support a variety of partner organisations and are regularly involved in research projects.

They use evidence-based approaches and provide innovative services to engage with people across the city, identifying unmet need and working to meet it.

2. Principal Accountabilities:

2.1 To deliver direct access services for drug and alcohol users at a wide range of locations across Bristol, alongside volunteers and trainees.

2.2 To provide a welcoming approach to engage and facilitate service users into treatment and other supportive activities.

2.3 To provide evidence-based and solution-focussed brief interventions as well as crisis management if required.

2.4 To promote treatment and facilitate access to assessments for Bristol ROADS, liaising with other agencies as needed.

2.5 To establish and maintain contact with, and develop and deliver services to, priority groups who might benefit from treatment within Bristol ROADS through regular assertive outreach and inreach work.

2.6 To assist in the development and delivery of a range of harm reduction interventions for people with problematic drugs & alcohol use.

2.7 To notice and respond quickly to new and emerging trends in drug and alcohol use, helping to develop services to meet specific needs and provide early interventions.

2.8 Delivery of harm reduction services for people who inject drugs (PWID) including image and performance enhancing drugs (IPED). This includes the Needle Syringe Programme (NSP) and naloxone distribution from fixed and mobile premises, through pharmacies and via assertive outreach.

2.9 To provide advice, information and support to PWID in relation to risks related to injecting, drug and alcohol use, HIV, Hepatitis B, Hepatitis C and sexual practice.

2.10 To offer and encourage access to blood borne virus (BBV) testing by means of Dry Blood Spot tests, Hepatitis B vaccination and treatment for BBV infection where appropriate.

2.11 In collaboration with nursing staff, develop and disseminate information and advice about health and social wellbeing.

2.12 As a member of the EEI team, you will support the delivery of all services provided across the team. This will include referrals, assessments, brief interventions and group facilitated delivery if required.

General duties

2.13 To be proactive in reviewing and evaluating own performance and identifying and acting on areas for improvement and development.

2.14 To provide advice and assistance to the Chief Executive, the Service Manager and the Board of Trustees about the development of resources.

2.15 To maintain appropriate records (both electronic and manual), within required timescales.

2.16 To assist in the promotional and educational work undertaken by BDP.

2.17 To assist in the recruitment, training and, where appropriate, support of volunteers, peers, trainees and students on study placement.

2.18 To attend such internal and external meetings as directed

2.19 To take all reasonable steps to comply with the Health & Safety at Work Policy.

2.20 To work within the framework and spirit of the agency's Equalities Policy and to actively promote the policy within BDP and in all dealings with other agencies.

2.21 After reasonable consultation to undertake any other task which is necessary, if called to do so through your line management.
